TITLE I—MANAGEMENT AND FINANCING OF RETIREMENT BENEFITS

Part A— Findings and Definitions

Sec. 101. Findings and purpose.

(a) The Council of the District of Columbia finds the following:

(1) When the federal government established separate retirement funds for police officers, fire fighters, and teachers, and established a retirement board with responsibility for managing these retirement funds, it significantly unfunded the liabilities of the retirement funds in an amount totaling approximately \$2,600,000,000.

(2) The approximate \$2,600,000,000 unfunded liability has increased to nearly

**Note, Section
1-753**

ENROLLED ORIGINAL

\$4,800,000,000 due primarily to the accumulation of interest on the initial balance, not because of any action taken or any failure to act on the part of the District government or the District of Columbia Retirement Board.

(3) Because the unfunded liability is a legal obligation of the District government and exceeds the total General Obligation debt of the District, the presence of the unfunded pension liability has had a significant negative impact on the District's credit rating.

(4) The costs associated with the liability have been a contributing cause to the District's ongoing financial crisis.

(5) Pursuant to the Retirement Protection Act, the federal government will relieve the District government of the responsibility for the unfunded pension liabilities transferred to the District in 1979, and will assume the legal responsibility for payment of retirement benefits accrued by police officers, fire fighters, and teachers prior to July 1, 1997.

(6) The Retirement Protection Act requires the establishment by the District government of a replacement plan for the current pension benefits for police officers, fire fighters, and teachers.

(b) It is the purpose of this act to accomplish the following:

(1) Establishment of replacement retirement plans for pension benefits accrued after June 30, 1997, for police officers, fire fighters, and teachers; and

(2) Provision for full funding and management on an actuarially sound basis of all retirement funds entrusted to the District government for the benefit of teachers, members and officers of the Metropolitan Police Department, and employees of the D.C. Fire and Emergency Medical Services Department.

Sec. 102. Definitions.

Nothing contained in this subparagraph shall limit the duties imposed on that investment company, investment adviser, or principal underwriter by any other law.

(a)(1) The Retirement Board shall engage an enrolled actuary who may be the enrolled actuary pursuant to section 162(a)(4)(A) of the Retirement Reform Act (D.C. Code § 1-732(a)(4)(A)), who shall, in accordance with generally accepted actuarial principles and practices, make the following determinations with respect to each separate fund comprising the Fund:

(A) When specified in paragraph (2) of this subsection, the actuary shall determine the level percentage of covered payroll, expressed as a percentage (hereinafter in this title referred to as the "normal contribution rate"), which shall be the percentage which if paid annually into the Fund from the date of the actuarial determination until the date of death, retirement, or other withdrawal from employment for all participants covered by the retirement program and added to (i) all future employee contributions to the Fund, (ii) the assets in the Fund, and (iii) projected future investment earnings of the Fund, are projected to be sufficient to pay for the future benefits payable from the Fund to that group. If deemed appropriate by the Retirement Board, separate normal contribution rates may be determined for different classifications of employees.

(B) When specified in paragraph (2) of this subsection, the enrolled actuary shall determine the current value of the assets in the Fund as of the actuarial determination date.

(C) The actuary shall also determine such additional information as the Retirement Board may require to make the determinations specified in paragraph (4) of this subsection and in subsection (b) of this section.

(2) Unless the actuary engaged by the Retirement Board pursuant to paragraph (1) of this subsection determines that a more frequent valuation is necessary to support the actuary's opinion, the actuary shall make the determinations described in paragraph (1)(A) and (B) of this subsection:

- (A) Not later than 60 days after the date of the enactment of this act; and
- (B) Upon a request by the Retirement Board; or
- (C) At least once every 2 years.

(B) Subparagraph (A)(iv) of this paragraph shall apply to a bank or other financial institution that is authorized to exercise trust powers and the deposits of which are not insured by the Federal Deposit Insurance Corporation only if the bank or institution meets bonding or similar requirements under state law that the Retirement Board determines are at least equivalent to those imposed on banks by federal law.

(2)(A) The amount of the bond shall be the lesser of 10% of the amount of the funds handled by the fiduciary and \$500,000, except that the amount of the bond shall be at least \$1,000.

Any bond shall be in a form or of a type approved by the Retirement Board, including individual bonds or schedule or blanket forms of bonds that cover a group or class.

(b) It shall be unlawful for any Fund official to receive, handle, disburse, or otherwise exercise custody or control of any of the funds or other property of any Fund without being bonded as required by subsection (a) of this section, and it shall be unlawful for any Fund official or any other person having authority to direct the performance of those functions or to permit the functions, or any of them, to be performed by any Fund official with respect to whom the requirements of subsection (a) of this section have not been met.

(c) It shall be unlawful for any person to procure any bond required by subsection (a) of this section from any surety or other company or through any agent or broker in whose business operations the Fund or any party in interest in the Fund has any control or significant financial interest, direct or indirect.

(d) Nothing in any other law shall require any person required to be bonded as provided in subsection (a) of this section because he handles funds or other property of a separate fund comprising the Fund to be bonded insofar as the handling by that person of the funds or other property of the Fund is concerned.

(e) The Retirement Board may prescribe such regulations, which shall be subject to Council review, as may be necessary to carry out the provisions of this section.

"(ii) in the case of an annuity having a commencing date after March 1 of such preceding year, a pro rata increase equal to the product of 1/12 of the per centum change computed under paragraph (1) of this subsection, multiplied by the number of months (not to exceed 12 months, counting any portion of a month as an entire month) for which the annuity was payable before the effective date of the increase, adjusted to the nearest 1/10 of 1 per centum.

"(B) On January 1, 1998 (or within a reasonable time thereafter), the Mayor shall determine the per centum change in the price index published for December 1997 over the price index published for June 1997. If such per centum change indicates a rise in the price index, effective March 1, 1998:

"(i) each annuity having a commencing date on or before September 1, 1997, shall be increased by an amount equal to such per centum change, adjusted to the nearest 1/10 of 1 per centum; and

"(ii) each annuity having a commencing date after September 1, 1997, and on or before March 1, 1998, shall be increased by a pro rata increase equal to the product of 1/6 of such per centum change, multiplied by the number of months (not to exceed 6 months, counting any portion of a month as an entire month) for which the annuity was payable before the effective date of the increase, adjusted to the nearest 1/10 of 1 per centum.".

Sec. 207. Fiscal impact statement.

(a) This bill is in conformance with the amended FY 1998 Budget and Financial Plan. On page 14 of the supporting documents to that plan, it states, "[t]he District's actuaries, Milliman & Robertson, estimate that the remaining cost for pensions will amount to \$57 million in FY 1998. The actuarial study assumed that the District will adopt a 'wrap around' pension plan effective October 1, 1997 that continues to provide pension benefits at the current level." The approved budget contains \$57 million for pension payments and this bill constitutes Council or the District of Columbia ("Council") approval of the anticipated wrap around plan.

(b) The CFO, in a letter dated September 23, 1997, to the District of Columbia Financial Responsibility and Management Assistance Authority ("Authority"), recommended that the Council and the Authority approve the wrap around pension plan.

Sec. 208. Applicability.

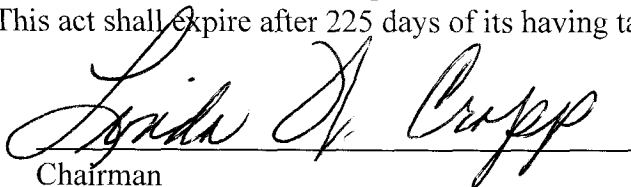

This act shall apply as of October 1, 1997.
